

## WYPALL\* X Wipers

### PRODUCT NAMES & CODES

WYPALL* X60 Wipers	White: 4224000	Blue: 4223000
WYPALL* X70 Manufactured Rags	White: 4145550	
WYPALL* X80 Towels	White: 4102600	

### PRODUCT DESCRIPTION

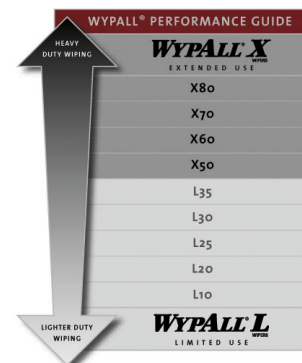

WYPALL\* X60, X70 and X80 wipers are made from Kimberly-Clark Professional's unique HYDROKNIT\* material. HYDROKNIT\* material is comprised of soft, absorbent paper fibers and polypropylene non-woven fabric. The paper component allows these wiping cloths to absorb water quickly and effectively, while the tear-resistant polypropylene fabric soaks up more than its own weight in oil and grease. The result is a durable and highly absorbent wiper.

### TECHNICAL FEATURES

- Key applications include (but are not limited to):
  - Personal wiping
  - Wiping surfaces
  - Absorbing liquid spills
  - Absorbing oil and grease
  - Polishing glass, stainless steel and other metal
  - Cleaning sinks, grills, ovens and machinery
  - Preparing surfaces with solvents
  - Replacing tea towels or waste rag

\* Suggested guide only. WYPALL\* X60, X70 and X80 Wipers have unique performance features. Kimberly-Clark Professional recommends you trial the wipers to determine which wiper is most suitable for your needs.

### TECHNICAL SPECIFICATION

**Appearance:**

White or blue non-woven fabric, co-formed with cellulose & polypropylene fibres

**Ingredients:**

Cellulose fiber (CAS 9004-34-6)	75 - 85%
Polypropylene (CAS 9003-07-0)	10 - 25%
Organic Resins	< 5%
Blue Dye (blue product only)	< 0.5%
Inorganic Salts (various)	Trace only

Not classified as hazardous according to the criteria of NOHSC

## HEALTH EFFECTS

When used according to the company's directions and for the purpose for which they were intended, these wiping cloths will not have any adverse health effects.

## FIRST AID

Swallowed: Remove any material causing obstruction. Seek medical attention if swallowed accidentally.

Eye: Remove any foreign matter and flush with water. Seek medical attention if irritation persists.

Skin: Non irritant. Product is intended to be used in direct contact with skin.

Inhalation: Remove any material causing obstruction.

## PRECAUTIONS FOR USE

Will burn if subject to excessive heat or flame. Do not use wiping cloths to clean or remove any material over 100°C. Burn properties change if flammable or combustible fluids are absorbed into the wiper.

## SAFE HANDLING INFORMATION

Store away from any source of ignition. May react with strong oxidising agents eg. pool chlorine. Fire fighters should wear personal protection and self-contained breathing apparatus. Use fire fighting media suitable for principal cause of fire. Do not allow product to enter drains or waterways.

## DISPOSAL INFORMATION

Disposal of uncontaminated wiper to ordinary landfill or properly managed municipal incineration is suitable. Dispose contaminated wipers in accordance with local regulations.
